GRACEFULLY BEAUTIFUL

Montana Lisianthus has a lifelong tradition of introducing beauty to the world. From a careful commitment to the environment to the attentive selection of new varieties, all of our lisianthus are made with care and consideration. We are consistently up at dawn to capture the golden light and select only the best. There is nothing like overlooking the colourful fields illuminated by the soft glow of the rising sun.

As with every edition we are gazing upon new members of the Montana family. Blue Chateau makes the collection even more magical by changing colour on the vase, while Stracciatella lavender keeps mesmerizing us with her - all natural - spotted pattern. And expanding the Botanic series, we proudly introduce three more colours to the range!

Each of our lisianthus has her own signature style, whether it is their graceful ruffles or fine detailed hearts. When you glance through the pages, we hope this brochure inspires you to discover them yourself.

Frank & Corine

Gentle, serene tones that are simply captivating.

ALISSA white

ALISSA yellow
